[Should not the Secy to the Mysore Game & Fish Preservation Association have addressed the Govt direct in the matter? ?

There is no such rule or practice, as far as I know - [illegible]

The particulars required by the Association are [illegible] intended to support some agitation in view, like that which Europeans and Planters have been waging in the Shimoga of the "Madras Mail" during the last 2 years against what they deem to be the shortcomings of the present Mysore Game Rules.

But apart from this, the information is not of a kind that a private body can expect Govt to furnish, except as a matter of courtesy. The Hon'ble Secy of the Association could have been referred to published reports on police & criminal justice, but for the fact that unfortunately no arrangements appear to exist for the sale of such reports to the public, as in Madras & other British Provinces. Under these circs perhaps the District Supdts of Police, Bangalore & Shimoga may be instructed to state briefly, as briefly as they can, that the information asked for cannot be furnished.

The information asked for is not found in the Chemical Administration Report, but a statement showing the number and description of forms of licences issued by the Dir Magte is appended to the 'Report on the working of the Arms and Explosives Regulations, which is not published. This Report also contains particulars of prosecutions and convictions.

Similar information about the same Magte & Courts is not available, even for 1 year, and perhaps a yearly report as to their working in each District may be prescribed.
